2021

Our family would like to thank you for letting us help create some wonderful family Christmas memories.

- 1) Please respect our property.
- 2) Before cutting your tree, **please make sure it's your final selection.**
- 3) Please cut all trees as close to the ground as possible.
- 4) We prefer you don't use a chain saw to cut your tree. We have handsaws available for you to borrow, please remember to return the handsaw.
- 5) Try to keep the driveways open so traffic can get around you.
- 6) We have samples of tree varieties at the east side of the south barn, please make your variety selection then utilize the map to find the variety selected. If you would like some help, we have employees available to assist you.
- 7) Don't be concerned if your tree has a long leader, we do not measure to the tip, we only measure approximately three inches above the top cluster of branches.
- 8) Please come to **Cindy's Gift Barn** to settle up, warm up, and fill up on some warm cider and cookies.
- 9) If you have any suggestions please don't hesitate to inform us. Thank You for visiting.
- 10) **All tree prices include baling and drilling.**
